

Generic Product Keys to Install or Upgrade Windows 11 Editions

This tutorial will provide you with a list of RTM (retail) and KMS **generic keys** (default keys) for all editions of Windows 10 and Windows 11.

Generic keys (aka: "default keys") for Windows 10/11 from Microsoft will allow you to install or upgrade to a specific Windows 10/11 [edition](#) you want, but **will not activate** it.

Using a generic key can be helpful if you wanted to install or upgrade to a specific Windows 10/11 edition for evaluation or testing on a PC or virtual machine, or just don't have a digital license or your genuine product key currently available and you will activate later when able.

If you do have a [digital license](#) linked to your Microsoft account for the specific Windows 10/11 edition associated to the PC you sign in to with the Microsoft account, Windows will automatically be [activated](#) by the digital license if the PC is connected to the Internet.

Windows 10/11 Edition	RTM Generic Key (retail)	KMS Client Product Key
Windows 10/11 Home	YTMG3-N6DKC-DKB77-7M9GH-8HVX7	TX9XD-98N7V-6WMQ6-BX7FG-H8Q99
